• Colour Mixing Activity	03
• KG1 Shape Collage	04
• Diwali Celebrations	05-06
• Childrens Day Celebrations	07
• NUR PBL Activity	08
• Pasta Stringing and Counting	09

DUSSEHERA CELEBRATIONS

5th October | We at Global Toddlers do not miss any opportunity to celebrate festivals. Keeping the festive spirit alive, Dusshera was celebrated on 5th October, 2021.

All the little kids were dressed up in their ethnic clothes. Children followed teacher's instructions and did a beautiful "thoran" in KG2 & KG1 for the festivities by decorating it with bud printing. Nur toddlers enjoyed decoarating a kalaash picture. Children were very excited to do this activity and enjoyed.

Through such celebrations children not only learn the significance behind the festival but they also learn to embrace other traditions and cultures.

DUSSEHERA CELEBRATIONS

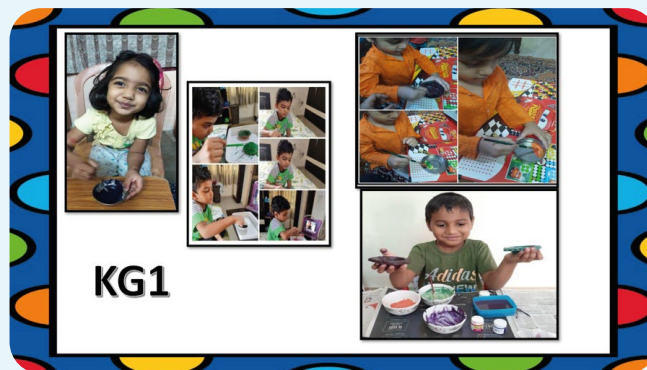

COLOUR MIXING ACTIVITY

28th October | "Colour is a power which directly influences the soul" – Lilly Pulitzer

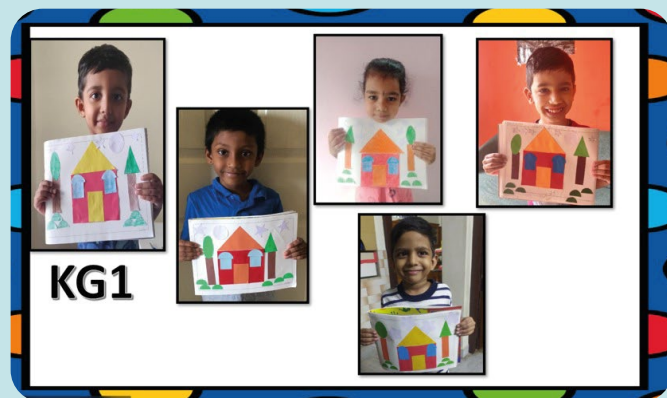

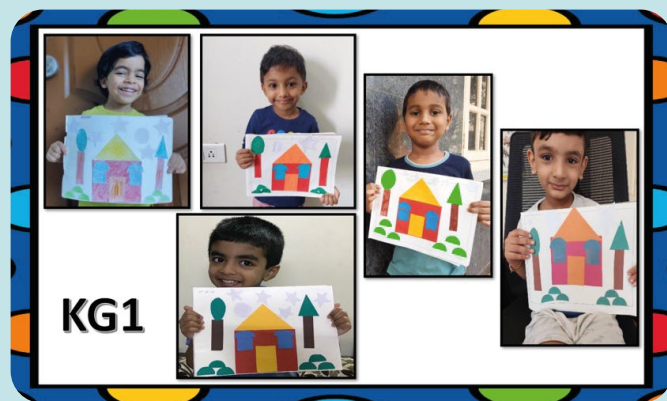

Colours play an important role in our lives. Colours reflect our mood. We understand the importance of colours and wanted children to experience the same. Colour mixing activity was conducted on 28th of October where children mixed the primary colours Red, Yellow and Blue to get the secondary colours Orange, Green and Purple. They mixed up colours to get a few more colours like pink and grey.

They thoroughly enjoyed this activity and got different shades of colours. They then painted their Diwali Diya with these colours which they will then decorate and use for Diwali. Children thoroughly enjoyed doing this activity and they were excited to see how the colours were created. Here we have the splash of colour mixing activity.

KG1 SHAPE COLLAGE

29th October | To enable creative skill and imagination in our tiny tots we in Global Toddlers conducted a shape collage activity for our children. Kids experienced a new way of collating different shapes. Children created beautiful scenery with house, trees, grasses, moon and stars. This activity was not only for fun but also helped the kids to improve their fine motor skills, problem solving skills, shape sorting and importantly helped to improve their attention. Here we share few glimpses of those moments. Have a look and enjoy...

DIWALI CELEBRATIONS

29th October | Diwali is the festival of lights, festival of happiness. Global Toddlers students celebrated Diwali on 29th of October where our children dressed up in ethnic wear and made the celebration more vibrant. A story video was shared for our children to know why Diwali is celebrated. Then our children had a lot of fun in decorating the mud Diya by doing bud printing in KG2 & KG1 and in Nur they created their own paper craft Diya. They also drew beautiful Diya and crackers in their drawing book and decorated it. It was a colourful and fun filled celebration.

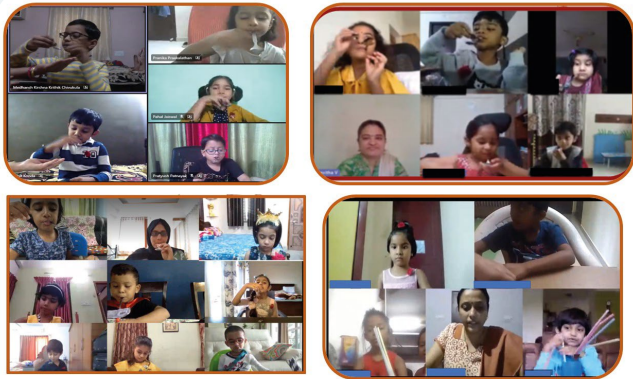

ABC

CHILDRENS DAY CELBERATIONS

13th November } Our highlights from the memorable Children's Day are still ongoing and we are absolutely delighted seeing how happy we made the students. This highlight focuses on Nursery students celebrations.

We celebrated children's day this year virtually with lot of passion and excitement. All the kids had been asked to dress up for the occasion with a red rose pinned to their chest, as was done by Pt Nehra. The day was celebrated with a small surprise given by all the teachers, where they had showcased a dance performance. This was followed by a treasure hunt activity where kids had to listen attentively to the instructions given by the teacher and bring that relevant object within the specified time. Children thoroughly enjoyed this virtual celebration.

NUR PBL ACTIVITY

20th to 26th November | For the 1st time in virtual platform, our tiny tots of Nursery did a PBL activity for the topic Animals. They did lot of fun filled activities and understood through experiential learning the different names of animals, their young ones, their habitats and many more interesting facts. Here is a beautiful album showcasing the complete PBL journey.

PASTA STRINGING & COUNTING

29th November | To help in the development of the fine motor skill and at the same time teach the concept of long and short a funfilled activity was conducted. Children were asked to bead two strings with penne pasta. One string was big and the other one was small. After inserting the pasta into the strings, it was easy for the kids to visually see which string is long and which one is short.

ABOUT US

"Education is the manifestation of the perfection already in man. Education is not the learning of facts, but the training of minds to think"

We are the Preprimary toddler wing of Whitefield Global School

"The ladder that helps them to reach to the stars".

A home away from home we are a growing family of 400 toddlers.

We always strive for the betterment of Y(our) child.

Whitefield Global School "WGS", an Institution of Chalasani Education Trust, is totally committed to imparting holistic education to the children and turn them into responsible global citizens for the future.

We aim to provide quality education using a fine blend of modern techniques with the time tested ideas and methods, with every forth coming moment inspiring us to do better than the one passed.

We enable each student to realize his/her potential by providing them an institutional culture, characterized by dynamic implementation of the curriculum, augmented by a huge variety of co-curricular and extra curricular activities with highly individualized mentoring. Thereby turning the facility into a great opportunity for personality enrichment and inculcating life-oriented skills, values and competencies, much needed for employability and entrepreneurial initiatives.

OUR VISION AND MISSION

To be the pioneer in early childhood learning by treating every child as a bud ready to bloom naturally by providing safe, secure environment and nurturing all the essential skills that will make the buds blossom naturally
