From the Desk of Head Mistress

Dear Tiny Tots and Loving Parents,

Every month, we shine a spotlight on different members of our community who are making a difference in the lives of toddlers. In the month of August & September our spotlight was on the importance of national unity, diversity, appreciating the importance of plant life, festivals and respecting the grandparents.

Featured Story:

- In August and September, we had all kinds of interesting and surprising events planned for our students. Celebrating Independence Day was an insightful experience for our toddlers as they participated in a unity dress-up activity. This engaging event emphasized the diversity within our nation, highlighting how we can be different yet united as one.
- In a bid to foster an appreciation for nature, Nursery & KG engaged in the Green Patch activity. This interactive endeavor allowed children to understand the need to nurture nature, underlining its importance in our lives and urging responsible stewardship.
- Competitions play a vital role in developing essential skills in children. The finger painting competition for KG students, beyond nurturing creativity and critical thinking, was an avenue to enhance fine motor skills. Such events provide a platform for growth and learning.
- Ganesh Chaturthi clay modeling infused an understanding of the significance and joy associated with festive celebrations. Through this hands-on activity, children discovered the cultural importance of festivals, making learning experiential and enjoyable.
- Grandparents hold a special place in the hearts of our toddlers. During the Grandparents Day celebration, these influential figures were celebrated in a unique manner. Witnessing their active participation and enthusiasm brought immense joy, creating cherished memories and reinforcing the importance of family bonds.

As we wrap up two exciting months, stay tuned for an array of engaging activities lined up for our toddler segment. Anticipate more fun, learning, and memorable experiences in the coming months!"

Warm cuddles,

As part of an experiential learning activity the GT green patch was planned. Here with the help of their teachers and the gardener the kids had planted the seeds allotted for their section in their planters.

Now the seed have sprouted to beautiful saplings.

To help it nourish and start producing flowers & vegetables the kids give it lot of care and water it regularly. Hope their wish to see these plants flourish is fulfilled soon.

Grandparents Day

Nursery, KG1 and KG2

Grandparents' Day is a special occasion at Global Toddlers, where we celebrate the wisdom, love, and joy that grandparents bring into the lives of our little ones. It's a day filled with warmth, laughter, and meaningful interactions, as our toddlers and their grandparents come together to create lasting memories.

It was a heartwarming celebration that brought generations together. Our goal was to create an unforgettable day filled with various activities that allowed grandparents and their beloved grandchildren to connect, learn, and have loads of fun.

We believe that age is just a number, and physical activity knows no boundaries. That's why we organized warm activity followed by special sports activity for grandparents on Grandparents' Day, aimed at promoting fitness, fun, and intergenerational bonding. Then prizes were distributed for the 1st three winners of each Segment.

The Grandparents' Day celebration was a resounding success, thanks to the enthusiastic participation of our grandparents, toddlers, and their families. It was a day filled with love, learning, and laughter, reinforcing the importance of intergenerational relationships.
